

Whites of Winchester are committed to minimising the impact of our activities on the environment.

This statement covers all activities. The key points of our strategy to achieve this are:

- **Management**
 - Integrate environmental concerns into all project planning and design decisions
 - Continually seek to measure and improve environmental performance.

- **Training and awareness**
 - Raise staff awareness of environmental issues and promote individual good practice.

- **Procurement**
 - Require suppliers and partners to provide products and services with the minimum adverse environmental impact.
 - Ensure that goods and materials purchased comply fully with UK government and EU legislation and recognised environmental best practice.

- **Utilities and natural resources**
 - Make efficient and environmentally responsible use of energy, water and other natural resources.

- **Waste**
 - Minimise waste by ensuring all operations are as efficient as possible.
 - Actively promote re-use and recycling, both internally and with suppliers.

- **Transport**
 - The use of cars for single occupant journeys is discouraged.
 - Holding meetings virtually where appropriate.

- **Legislation**
 - We will aim to meet or exceed environmental legislation that relates to the UK.

- **Responsibilities**
 - All staff are expected to take measures to minimise environment impact through simple measures.
 - Directors and managers will ensure that environmental issues are integrated into the planning and decision-making processes.

- **Reporting**
 - Communicate environmental performance both within the organisation and to the wider community as appropriate.
